no minimum number of entries
no minimum number of athletes

EFFICIENCY TROPHY

minimum of 13 athletes participating (including coxswains)
minimum appearance in the top 7 in at least 2 races (either in grand final or as winner of a petite final)
Efficiency trophy goes to the team with the greatest *efficiency percentage*
Efficiency Percentage = total actual points divided by the total possible points.
(total possible points would be first place finishes for all boats entered)

POINT DISTRIBUTION

If an event has less than 7 entries, point values awarded will be shifted to the right on the grid such that the last place boat will receive 7th place points, and preceding finishers will receive 6th, 5th, 4th place points, et e.g., a 5 crew boat race would score as: 1st place-3rd place points; 2nd place-4th place points, etc. until the 5th (last) boat received 7th place points. The corresponding MAX possible for the event is shifted as well.

THERE ARE FOUR SEPARATE POINTS TROPHIES

1) Cumulative for women 2) Cumulative for men 3) Efficiency for women 4) Efficiency for men
